SNAPSHOT OF UNAIDS ACTIVITIES IN FRAGILE SETTINGS
SNAPSHOT OF UNAIDS ACTIVITIES IN FRAGILE SETTINGS*

By working with communities, uniformed services, governments and regional and international partners, UNAIDS supports the 2.57 million people living with HIV affected by humanitarian disasters globally to ensure that they have access to programmes preventing and addressing gender-based violence, and the HIV services they need.

* As of 4 September 2019

EL SALVADOR, GUATEMALA, HONDURAS AND MEXICO
Contributing to reducing chronic violence in the north of central America through a joint United Nations initiative that includes a reduction of forced migration and a comprehensive regional protection and solutions framework collaborative effort led by UNICEF/UNDP.

BOLIVARIAN REPUBLIC OF VENEZUELA
Treatment access and navigation to health services for people living with HIV, in partnership with civil society. Plan for strengthening the HIV, tuberculosis and malaria response 2018–2021 (jointly with PAHO/WHO).

LATIN AMERICA AND CARIBBEAN REGIONAL OFFICE
Implementation of the regional refugee and migrant response plan as part of the strategic response within the UNHCR/OM-led regional inter-agency coordination platform for refugees and migrants from the Bolivarian Republic of Venezuela. Resource mobilization.

BRAZIL, COLOMBIA, ECUADOR, GUYANA, PERU, TRINIDAD AND TOBAGO AND URUGUAY
Facilitation of HIV services for Venezuelan refugees in collaboration with national authorities and networks of people living with HIV and lesbian, gay, bisexual, transgender and intersex communities.

WESTERN AND CENTRAL AFRICA REGIONAL OFFICE
LIBERIA, NIGERIA, COTE D’IVOIRE, CHAD
Coordination for crisis-affected countries. Facilitating capacity, preparedness and contingency planning for crisis-affected countries.

SIERRA LEONE
Rapid assessment to ensure that flood-affected people living with HIV have access to medication and that HIV is included in the United Nations response plan.

CAMEROON
HIV inclusion in the Central Emergency Response Fund and support to HIV contingency planning for the north-west and south-west.

CENTRAL AFRICAN REPUBLIC
Working with partners, including peace keeping operations and national armed services, to address HIV and conflict-related sexual violence in the national humanitarian response.

NAMIBIA
Resource mobilization for people in drought-affected areas.

EASTERN AND SOUTHERN AFRICA REGIONAL OFFICE
Sexual and reproductive health policy and resource mobilization for countries affected by emergencies. Capacity-building for countries to prepare and respond.

NIJEGER
Support for HIV prevention, treatment and care services for refugees and displaced populations.

MALI
Support to populations affected by the humanitarian crisis in the conflict and post-conflict north and centre regions.

BURKINA FASO
Strengthening evidence on the need for HIV prevention, treatment and care services among displaced populations.

DEMOCRATIC REPUBLIC OF THE CONGO
HIV and gender-based services included in the humanitarian response to support people living with HIV.

NIGER
Support for HIV prevention, treatment and care services for refugees and displaced populations.
SUDAN
Advocacy and technical support for integration of the needs of people affected by humanitarian emergencies in national AIDS programmes and strategies.

SOUTH SUDAN
Campaign for uniformed forces for awareness of conflict-related sexual violence and integration of HIV services into the humanitarian plan.

DJIBOUTI
Technical support and high-level advocacy for the provision of HIV services for migrants and refugees.

SOMALIA
Support for improved access to services for displaced people, returnees and key affected populations.

UGANDA
Resource mobilization and facilitation of HIV services in crisis-affected areas and for internally displaced people and refugees.

BANGLADESH
Ensure continuity of HIV services for people living with HIV including HIV prevention for key populations.

SUDAN
Advocacy and technical support for integration of the needs of people affected by humanitarian emergencies in national AIDS programmes and strategies.

INDONESIA
Strengthening continuity of HIV treatment among earthquake survivors through support to networks of people living with HIV.

KENYA
Integration of HIV in emergency-affected regions, including arid and semi-arid lands and border regions.

AFRICAN UNION LIAISON OFFICE
Support implementation of the African Union policy on HIV and peacekeeping operations, conflict-related sexual violence and response among peacekeepers.

MALAWI, MOZAMBIQUE, UNITED REPUBLIC OF TANZANIA AND ZIMBABWE
Inclusion of HIV as part of the humanitarian response to recent cyclones, ensuring access to HIV services for emergency-impacted communities and strengthening civil society.

DJIBOUTI
Technical support and high-level advocacy for the provision of HIV services for migrants and refugees.

SOMALIA
Support for improved access to services for displaced people, returnees and key affected populations.

EUROPEAN UNION LIAISON OFFICE
Data and policy advocacy for migrants residing or transitioning through member states.

UKRAINE
Support to people living with and affected by HIV to ensure continuity of access to services in conflict affected areas of eastern Ukraine.

MIDDLE EAST AND NORTH AFRICA REGION
LEBANON, JORDAN, IRAQ, SYRIAN ARAB REPUBLIC, YEMEN
High-level advocacy, technical support and expanded partnership with governments, the United Nations, donors and civil society for the provision of essential HIV services for key and vulnerable populations in countries affected by humanitarian emergencies.

ZAMBIA
Ensuring inclusion of cross-border populations in national plans.
