DEPARTMENT MEMORANDUM

No. 2018 - 0031

FOR: ALL DIRECTORS OF BUREAUS, SERVICES, and REGIONAL OFFICES, MEDICAL CENTER CHIEFS OF DOH HOSPITALS and DOH-DESIGNATED HIV TREATMENT HUBS, DOH ATTACHED AGENCIES, and KEY PARTNERS from the LOCAL GOVERNMENT UNITS, PRIVATE SECTORS, NON GOVERNMENT and COMMUNITY-BASED ORGANIZATIONS, and OTHERS CONCERNED

SUBJECT: Updated List of DOH-Designated HIV Treatment Hubs and Primary HIV Care Facilities

Antiretroviral therapy as well as comprehensive Human Immunodeficiency Virus (HIV) prevention, treatment, and care services shall be made available and accessible to all People Living with HIV (PLHIV) at the DOH-designated HIV Treatment hubs and Primary HIV Care Clinics.

The DOH Administrative Order No. 2017-0019 or the Policies and Guidelines in the Conduct of Human Immunodeficiency Virus (HIV) Testing Services (HTS) in Health Facilities defines HIV Treatment hub as a hospital with an organized HIV and AIDS Core Team (HACT) that facilitates in-patient and out-patient prevention, treatment, care and support services to PLHIV including but not limited to antiretroviral therapy, HIV testing services, clinical management, patient monitoring, and other care and support services.

On the other hand, a Primary HIV Care Clinic (formerly called “satellite treatment hub”), refers to a private or public health facility that provides out-patient primary care services to PLHIV including but not limited to antiretroviral therapy, HTS, clinical management, patient monitoring, and other care and support services.

The following are the updated list of DOH-Designated HIV Treatment Hubs:
